Mayor's Introduction

The Councillors and I are pleased to release the Budget 2017/2018 to the Community. This budget builds on our Council Plan 2017-2021 vision which focuses on the following five key areas:

- Leadership and Governance
- Social
- Economic
- Built
- Environment.

The Council Plan 2017-2021 (Year 1), sets out our strategic plan to deliver our vision over the full term of the Council. As this is the first year of the current Council term, the focus over the next year will be on planning and design activities to deliver our current commitments.

The proposed budget details the resources required over the next year to fund the large range of services we provide to the community. It also includes details of capital expenditure allocations to improve and renew our City's physical infrastructure, buildings and operational assets as well as funding proposals for a range of operating projects.

As Councillors, it is our job to listen to community sentiment and understand your priorities. During and following the Councillor elections in 2016, we have consistently heard that Council's services are valued by the community, and that Council also needs to be financially responsible and keep its rates as low as possible. In response, Council has continued an enterprise wide approach to identify savings or alternative sources of income to provide increased value for money to ratepayers. Council will, continue to focus on identifying sustainable cost savings that will enable it to deliver high quality, responsive and accessible services to the community.

The proposed budget proposes a rate increase of 2.0 per cent. This is in line with the Fair Go Rates Systems (FGRS) which has capped rates increases by Victorian Councils. Council has elected not to apply to the Essential Services Commission (ESC) for a variation. Focus has been placed on identifying operational savings and efficiencies to align with the proposed 2.0 per cent increase.

In this budget we have allocated funding of \$31.44 million for asset renewals, upgrades and expansions. The proposed budget also funds \$7.95 million for new assets. Highlights of the capital program include:

- Roads (\$13.67 million) – including roads to recovery projects, roads for renewal programs, sealing, resheeting and Balaclava/ Verney/ New Dookie Road
- Waste management (\$6.5 million) - including the construction Cosgrove 3 landfill
- Buildings (\$6.04 million) - including the construction of the new Shepparton Art Museum
- Recreation, Leisure and Community Facilities (\$3.93 million) – including the implementation of the Victoria Park Lake Master Plan and St Georges Rd Retail Precinct Streetscape improvements.

Our focus for the next year is to continue to deliver on the projects and services that make our Municipality a great place to live in and respond to the challenges we are currently facing. These projects include;

- construction of Cosgrove 3 landfill
- construction of the new Shepparton Art Museum
- increasing investment in the maintenance of our ageing community and infrastructure assets.

Borrowings have been supported to fund major long term community infrastructure rather than rates revenue. This budget includes \$6 million in new borrowings to continue the construction of Cosgrove 3 Landfill.

The proposed budget was developed through a rigorous process of consultation and review and Council endorses it as financially responsible. I encourage you to read the remainder of this document, in conjunction with our revised Council Plan 2017-2021.

Executive Summary

Council has prepared a Budget for 2017/2018 which is aligned to the vision in the Council Plan 2017-2021. It seeks to maintain and improve services and infrastructure as well as deliver projects and services that are valued by our community, and do this within the rate increase mandated by the State Government.

The underlying financial principles of this budget and for the organisation going forward are to:

- a) generate an operating surplus
- b) fully fund asset renewals
- c) borrow responsibly.

All 3 principles have been applied in the 2017/2018 budget which is a significant achievement.

This Budget projects a surplus of \$7.2 million for 2017/2018, however, it should be noted that the adjusted underlying result is a deficit of \$0.6 million after adjusting for capital grants and contributions (refer Sections 5 and 9.1). The adjusted underlying deficit is impacted by half of the 2017/2018 Federal Financial Assistance Grant income being received early in June 2017 (\$5.91m).

1. Key things we are funding:

- a) Ongoing delivery of services to the Greater Shepparton community a net cost of of \$56.03 million. These services are summarised in Section 2.
- b) Continued investment in Infrastructure assets (\$28.58 million) primarily for renewal works. This includes roads (\$13.67 million); waste management (\$6.5 million); recreational, leisure and community facilities (\$3.93 million); kerb and channel (\$1.15 million); parks, open space and streetscapes (\$1.13 million); drainage (\$0.67 million); bridges (\$0.66 million); footpaths and cycleways (\$0.58 million); and aerodromes (\$0.3 million). The Statement of Capital Works can be found in Section 3 and further details on the capital works budget can be found in Sections 6 and 11.

2. The Rate Rise

- a) The average rate will rise by 2.0 per cent in line with the order by the Minister for Local Government on 19 December 2016 under the Fair Go Rates System.
- b) Key drivers
 - i. To fund ongoing service delivery – business as usual (balanced with greater service demands from residents)
 - ii. To fund renewal of infrastructure and community assets
 - iii. To cope with growth in the population of Victorian residents (2.2 per cent in the last year)
 - iv. To cope with cost shifting from the State Government
 - v. To cope with a reduction in funding from the Commonwealth Government via the Victoria Grants Commission caused by their freezing of indexation of the grant
- c) This is not a revaluation year. Valuations will be as per the General Revaluation dated 1 January 2016 (as amended by supplementary valuations).
- d) The waste service charge incorporating kerbside collection and recycling will increase by 2.1% per property.
- e) Note that for every \$100 in taxes paid by Victorian residents, rates make up approximately \$3.50. The other \$96.50 goes to the State and Federal Governments.
(Refer Section 7 for further Rates and Charges details.)

3. Key Statistics

The following provides a statistical snapshot of the 2017/2018 budget:

Total Revenue:	\$127.92 million (2016/2017 forecast = \$134.95 million)
Total Expenditure:	\$120.71 million (2016/2017 forecast = \$115.25 million)
Accounting Result:	\$7.2 million surplus (2016/2017 forecast = \$19.7 million surplus) (Refer Income Statement in Section 3)
Adjusted Underlying operating result:	\$0.6 million deficit (2016/2017 forecast = \$13.17 million surplus) (Refer Analysis of operating Budget in section 9.1)
Note: Underlying operating result is an important measure of financial sustainability as it excludes income which is to be used for capital, from being allocated to cover operating expense.	
Cash Result:	\$1.45 million surplus (2016/2017 forecast = \$4.66 million surplus) (Refer Statement of Cash Flow in Section 3)
This is the net funding result after considering the funding requirement to meet loan principal repayments and the reserve transfers	
Total Capital Works Program:	\$39.38 million (2016/2017 forecast = \$42.01 million) - \$24.62 million from Council operations - \$6 million from borrowings - \$8.76 million from external grants and contributions

Below provides an indication of how Council allocates its expenditure across the main services it delivers. It shows how much is allocated to each service area for every \$100 that Council spends.

5. State and Federal Budget wish list

Council will continue to advocate for:

- a) Minor Works and Facilities programs for bus shelters at the Maude St bus interchange
- b) Vic Roads - Pedestrian crossing at the Maude St bus interchange
- c) Building Better Regions Fund - Maude St bus interchange
- d) Re-purpose GV Link

6. Cost Shifting

Cost shifting occurs when Commonwealth and State programs transfer responsibilities to local government with insufficient funding or grants which don't keep pace with delivery costs.

Type 1: Cost Shifting for Specific Services

- a) Home and Community Care (HACC)
- b) Library Services
- c) Maternal and Child Health
- d) School Crossing Supervision

Type 2: Loss of funding in General

- e) Freeze on indexation of the federal financial assistance grants
- f) Discontinuance of the Community Support Program Fund for Family Day Care program

Type 3: Statutory fee that prohibits full cost recovery

- g) Increases to Planning fees still do not cover costs

Type 4: Levies

- h) State Government landfill levy
- i) Animal registration levy

Type 5: Statutory requirements lead to increased costs

- j) New national policy of 15 hours kinder for four-year olds

7. Population Growth

Council's population is forecast to grow from 62,784 in 2013 to over 80,000 by 2031.

1. Link to the Council Plan

This section describes how the Annual Budget links to the achievement of the Council Plan within an overall planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term (Greater Shepparton 2030), medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Annual Report).

1.1 Planning and accountability framework

The Strategic Resource Plan, is part of and prepared in conjunction with the Council Plan, and is a rolling four year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The Annual Budget is framed within the Strategic Resource Plan, taking into account the services and initiatives which contribute to achieving the strategic objectives specified in the Council Plan. The diagram below depicts the planning and accountability framework that applies to local government in Victoria.

Source: Department of Environment, Land, Water and Planning (Formerly the Department of Transport, Planning and Local Infrastructure)

In addition to the above, Council has a long term plan (Greater Shepparton 2030) which articulates a community vision, mission and values. The Council Plan is prepared with reference to Council's long term Community Plan.

The timing of each component of the planning framework is critical to the successful achievement of the planned outcomes. The Council Plan, including the Strategic Resource Plan, is required to be completed by 30 June following a general election and is reviewed each year in advance of the commencement of the Annual Budget process.

1.2 Our purpose

Our vision

Greater Shepparton, Greater Future, a thriving economy in the foodbowl of Victoria with excellent lifestyles, innovative agriculture, a diverse community and abundant opportunities.

Our values

Greater Shepparton City Council has a clear strength in the bond and affinity between its Councillors, the community and staff. Staff support the community leadership and governance role of Councillors, and work together to achieve the commitments of the Council Plan. Having all Greater Shepparton City Council staff practise the following organisational values enhance the quality of this partnership:

- **Leadership** - Promote Leadership, by setting an example that encourages others to strive for positive community outcomes.
- **Integrity** - Act with integrity, honesty, responsibility, transparency and accountability.
- **Respect** - Treat all people with respect, showing consideration to and appreciation of others including their cultural backgrounds and beliefs and always seek to understand different points of view.
- **Innovation** - Committed to being innovative, by seeking continuous improvement through the application of new ideas.
- **Teamwork** - Strive to work in an environment that fosters teamwork, through understanding we all represent and make decisions on behalf of the community of Greater Shepparton.

1.3 Strategic objectives

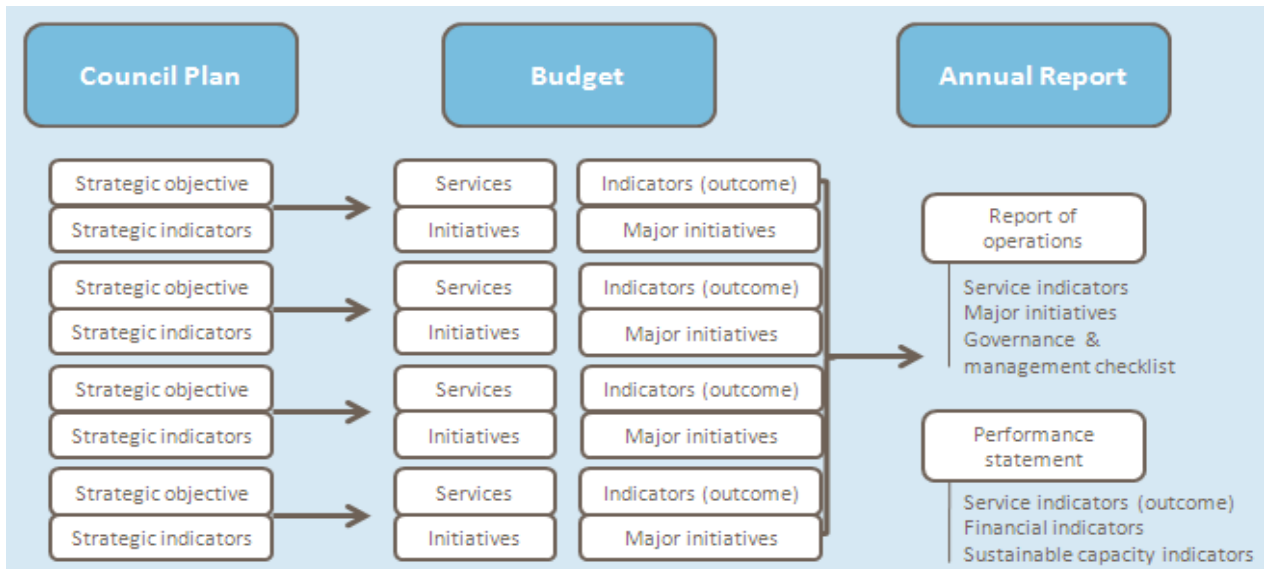

Council delivers activities and initiatives under 5 major service categories. Each contributes to the achievement of one of the five Strategic Objectives as set out in the Council Plan for the 2017 - 2021 years. The following table lists the five Strategic Objectives as described in the Council Plan.

Strategic Objective	Description
Leadership and Governance	Provide strong civic leadership, advocacy and good governance in the operation of Greater Shepparton City Council.
Social	Develop resilient, inclusive, healthy communities that make Greater Shepparton a safe and harmonious place to live, work, learn and play.
Economic	Build a thriving, resilient economy where Greater Shepparton is recognised as a competitive place to invest and grow business.
Built	Provide and support appealing relevant infrastructure that makes Greater Shepparton an attractive, liveable regional city.
Environment	Enhance and protect the clean, green environment that makes Greater Shepparton the unique place it is.

2. Services and Service Performance Indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2017/2018 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes a number of major initiatives, initiatives and service performance outcome indicators for key areas of Council’s operations. Council is required by legislation to identify initiatives, major initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

Statutory Planning	Decision making	Council planning decisions upheld at VCAT (Percentage of planning application decisions subject to review by VCAT and that were upheld in favour of the Council).	(Number of VCAT decisions that upheld Council's decision in relation to a planning application / Number of decisions in relation to planning applications subject to review by VCAT) x 100.
Roads	Satisfaction	Satisfaction with sealed local roads (Community satisfaction rating out of 100 with how Council has performed on the condition of sealed local roads).	Community satisfaction rating out of 100 with how Council has performed on the condition of sealed local roads.

2.5 Strategic Objective 5: Environment

We will continue to value our heritage, open spaces and natural environments, maintaining and enhancing them, and enabling greater access for people to connect with our environment.

Services

Program	Description of services provided	Expenditure (Revenue)
		Net Cost \$'000
Environmental Health	Regulatory functions governed by several Acts and Regulations and various Health Promotion activities.	1,289 (413) 876
Environmental Management	Facilitate sustainable environment growth and development within Greater Shepparton.	1,454 (319) 1,135
Waste and Resource Recovery	Manage Council's waste services and facilities including landfills, transfer stations, kerbside services and litter bins.	12,371 (6,165) 6,206

Major Initiatives

- 7) Implement the 'One Tree per Child' program which will see 17,000 native indigenous plants planted in 2017/2018.

Initiatives

- 8) Climate Adaption Plan implementation which will see the installation of solar panels on selected Council buildings.
 9) RiverConnect rubbish reduction program designed to help reduce rubbish dumping within the municipality.
 10) Electronic vehicle study in partnership with 9 other Victorian Councils.

Service Performance Outcome Indicators

The following indicators outlines how we intend to measure achievement of the Natural service objectives.

Service	Indicator	Performance Measure	Computation
Food Safety (Environmental Health)	Health and Safety	Critical and major non-compliance notifications. (Percentage of critical and major non-compliance notifications that are followed up by Council).	(Number of critical non-compliance notifications about a food premises followed up / Number of critical non-compliance notifications and major non-compliance about food premises) x 100
Waste Collection (Waste and Resource Recovery)	Waste Diversion	Kerbside collection waste diverted from landfill. (Percentage of garbage, recyclables and green organics collected from kerbside bins that are diverted from landfill).	(Weight of recyclables and green organics collected from kerbside bins / Weight of garbage, recyclables and green organics collected from kerbside bins) x 100

2.6 Performance Statement

The service performance indicators detailed in the preceding pages will be reported on in the Performance Statement which is prepared at the end of the year as required by Section 132 of the Act and included in the 2017/2018 Annual Report. The Performance Statement will also include reporting on prescribed indicators of financial performance (outlined in Section 8) and sustainable capacity, which are not included in this budget report. The prescribed performance indicators contained in the Performance Statement are audited each year by the Victorian Auditor General who issues an audit opinion on the Performance Statement. The major initiatives detailed in the preceding pages will be reported in the Annual Report in the form of a statement of progress in the Report of Operations.

Total staff numbers	542.3	577.4	580.3	583.2	586.1

The 2016/2017 employee numbers are actual equivalent full time as of March 2017 and do not include vacant positions. The 2017/2018 budget was prepared on the assumption that Council has full complement of staff to the approved EFT levels. To allow for natural staff turnover, total salary and related expenses were decreased by 2 per cent across the Council to recognise the possible savings from staff vacancies during the year.

A summary of human resources expenditure categorised according to the organisational structure of Council is included below:

Department	Budget 2017/18 \$'000	Comprises

Key to Forecast Trend:

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

Notes to indicators

1 Adjusted underlying result – An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. Improvement in financial performance expected over the period, although continued losses means reliance on Council's cash reserves or increased debt to maintain services.

2 Working Capital - The proportion of current liabilities represented by current assets. Working capital is forecast to decrease in the 2017/2018 financial year largely due to the early receipt of the Federal Financial Assistance Grants in June 2017 of \$5.91 million. The trend in later years is to remain steady at an acceptable level.

3 Debt compared to rates - Trend indicates Council's increasing reliance on debt against its annual rate revenue through redemption of long term debt.

4 Asset renewal - This percentage indicates the extent of Council's renewals against its depreciation charge (an indication of the decline in value of its existing capital assets). A percentage greater than 100 indicates Council is maintaining its existing assets, while a percentage less than 100 means its assets are deteriorating faster than they are being renewed and future capital expenditure will be required to renew assets.

5 Rates concentration - Reflects extent of reliance on rate revenues to fund all of Council's on-going services. Trend indicates Council will become less reliant on rate revenue compared to all other revenue sources.

5. Other Budget Information

This section presents other budget related information required by the regulations.

This section includes the following statements and reports

5.1.1 Grants operating

5.1.2 Grants capital

5.1.3 Statement of borrowings

5.1.1 Grants operating (\$11.77 million decrease)

Operating grants include all monies received from State and Federal sources for the purposes of funding the delivery of Council's services to ratepayers. Overall, the level of operating grants is projected to decrease by 41 per cent or \$11.77 million compared to 2016/2017. A list of operating grants by type and source, classified into recurrent and non-recurrent, is included below.

Increases in specific operating grant funding reflect expected increased demand for these services. The decrease in Federal Financial Assistance Grant funding, distributed through the Victorian Grants Commission (VGC), results from receiving \$5.91 million of the 2017/2018 grant allocations in June 2017.

5.1.2 Grants capital (\$0.99 million decrease)

Capital grants include all monies received from State, Federal and community sources for the purposes of funding the capital works program. Overall the level of capital grants has decreased by 13 per cent or \$0.99 million compared to the 2016/2017 forecast actual. Section 6, "Analysis of Capital Budget" includes a more detailed analysis of the grants and contributions expected to be received during the 2017/2018 year. A list of capital grants by type and source, classified into recurrent and non-recurrent, is included below.

7. Rates and Charges

This section presents information about rates and charges which the Act and the Regulations require to be disclosed in the Council's annual budget.

7. Rates and charges

Rates and charges are an important source of revenue, accounting for over 50 per cent of the total revenue received by Council annually. Planning for future rate increases has therefore historically been an important component of the Strategic Resource Planning process. The State Government, however, have introduced the Fair Go Rates System (FGRS) which sets out the maximum amount councils may increase rates in a year. For 2017/2018 the FGRS cap has been set at 2 per cent. The cap applies to total income generated from general rates and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the Greater Shepparton community.

In order to achieve Council's objectives while maintaining service levels and a strong capital expenditure program, rates revenue from general rates and the municipal charge will increase by 2 per cent in line with the rate cap, and the kerbside waste and recycling charges by 2.1 per cent. This will raise total rate and charges income for 2017/2018 of \$73.46 million, excluding supplementaries and interest.

7.1 The rate in the dollar to be levied as general rates under section 158 of the Act for each type or class of land compared with the previous financial year

Total amount to be raised by general rates	55,148,749	56,225,380	2.0%

^It should be noted that the rates and charges for 2016/2017 have been adjusted for supplementary rates received during the 2016/2017 financial year on a full year rate or annualised basis. Whilst properties subjected to supplementary rates have received pro-rata rate accounts, the above rate figures are based on the income that would have been received if the accounts were for a full twelve month period.

7.11 Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2017/2018: estimated \$734,225, 2016/2017: estimated \$641,743)
- The variation of returned levels of value (e.g. valuation appeals);
- Changes of use of land such that rateable land becomes non-rateable land and vice versa;
- Changes of use of land such that residential land becomes business land and vice versa.

Each differential rate will be determined by multiplying the Capital Improved Value of each rateable land (categorised by the characteristics described below) by the relevant percentages indicated above.

Council considers that each differential rate will contribute to the equitable and efficient carrying out of council functions. Details of the objectives of each differential rate, the types of classes of land, which are subject to each differential rate and the uses of each differential rate, are set out below.

RESIDENTIAL UNIMPROVED LAND

Objective:

To ensure that equitable contribution is obtained from general rates in respect of rateable land, as appropriate having regard to land characteristics, to the cost of carrying out the functions of Council, including the cost of:

1. Construction and maintenance of public infrastructure
2. Development and provision of health and community services
3. Provision of general support services

Types and Classes:

Rateable land having the relevant characteristics described below:

- i. is unimproved land but which, by reason of its locality and zoning under the relevant Planning Scheme, would – if developed – be or be likely to be used primarily for residential purposes; and
- ii. is on which no building permit for the construction of a new dwelling or other building designed or adapted for permanent occupation has been issued under the *Building Act 1993* prior to the expiry of the rating year.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is set at 100 per cent of the residential improved land rate.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

This category applies to an unimproved class of land only.

RESIDENTIAL IMPROVED LAND

Objective:

To ensure that equitable contribution is obtained from general rates in respect of rateable land, as appropriate having regard to land characteristics, to the cost of carrying out the functions of Council, including the cost of:

1. Construction and maintenance of public infrastructure
2. Development and provision of health and community services
3. Provision of general support services

Types and Classes:

Rateable land that is primarily used for residential purposes; meaning rateable land upon which is erected a private dwelling, flat or unit which is used primarily for residential purposes as defined under the relevant Planning Scheme.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which the Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the expiry of the 2016/2017 rating year.

RURAL RESIDENTIAL LAND

Objective:

To ensure that equitable contribution is obtained from general rates in respect of rateable land, as appropriate having regard to land characteristics, to the cost of carrying out the functions of Council, including the cost of:

1. Construction and maintenance of public infrastructure
2. Development and provision of health and community services
3. Provision of general support services

Types and Classes:

Rateable land having the relevant characteristics described below:

- i. is sized between 0.4ha and 20ha in rural, semi-rural or bushland setting; and
- ii. includes a single residential dwelling; and
- iii. where primary production uses and associated improvements are secondary to the value of the residential home site and associated residential improvements.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is set at 100 per cent of the residential improved land rate.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the expiry of the 2016/2017 rating year.

FARM LAND

Objective:

To ensure that equitable contribution is obtained from general rates in respect of rateable land, as appropriate having regard to land characteristics, to the cost of carrying out the functions of Council, including the cost of:

1. Construction and maintenance of public infrastructure
2. Development and provision of health and community services
3. Provision of general support services

Types and Classes:

Rateable land having the relevant characteristics described below:

Any land which is "farm land" within the meaning of Section 2(1) of the *Valuation of Land Act 1960*.

Farm land means any rateable land-

- a) that is not less than 2 hectares in area; and
- b) that is used primarily for grazing (including agistment), dairying, pig-farming, poultry-farming, fish-farming, tree-farming, bee-keeping, viticulture, fruit-growing or the growing of crops of any kind or for any combination of those
- c) that is used by a business-
 - i. that has significant and substantial commercial purpose or character; and
 - ii. that seeks to make a profit on a continued basis from its activities on the land; and
 - iii. that is making a profit from its activities on the land, or has a reasonable prospect of making a profit from its activities on the land if it continues to operate in the way it is operating.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is set at 90 per cent of the residential improved land rate.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the expiry of the 2016/2017 rating year.

COMMERCIAL UNIMPROVED LAND

Objective:

To ensure that equitable contribution is obtained from general rates in respect of rateable land, as appropriate having regard to land characteristics, to the cost of carrying out the functions of Council, including the cost of:

1. Construction and maintenance of public infrastructure
2. Development and provision of health and community services
3. Provision of general support services

Types and Classes:

Rateable land having the relevant characteristics described below:

- i. is unimproved land but which, by reason of its locality and zoning under the relevant Planning Scheme, would – if developed – be or be likely to be used primarily for the sale of goods or services or other commercial purposes; and
- ii. is on which no building permit for the construction of a new building designed or adapted for permanent occupation has been issued under the *Building Act 1993* prior to the expiry of the rating year.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is set at 200 per cent of the residential improved land rate.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

This category applies to an unimproved class of land only.

COMMERCIAL IMPROVED 1 LAND

Objective:

To ensure that equitable contribution is obtained from general rates in respect of rateable land, as appropriate having regard to land characteristics, to the cost of carrying out the functions of Council, including the cost of:

1. Construction and maintenance of public infrastructure
2. Development and provision of health and community services
3. Provision of general support services
4. The promotion of business in urban Shepparton

Types and Classes:

Rateable land that is used primarily for, or is capable of use primarily for the sale of goods or services.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is set at 217 per cent of the residential improved land rate.

Geographic Location:

Located within the urban Shepparton location bounded by –

- The Goulburn River to the west
- Wanganui Road and Ford Road to the north, but including the Goulburn Valley Highway to the Barmah-Shepparton Road
- The Shepparton Heavy Vehicle By-Pass to the east, but including Benalla Road to Davies Drive
- River Road to the south.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the expiry of the 2016/2017 rating year.

COMMERCIAL IMPROVED 2 LAND

Objective:

To ensure that equitable contribution is obtained from general rates in respect of rateable land, as appropriate having regard to land characteristics, to the cost of carrying out the functions of Council, including the cost of:

1. Construction and maintenance of public infrastructure
2. Development and provision of health and community services
3. Provision of general support services

Types and Classes:

Budget Analysis

The following reports provide detailed analysis to support and explain the budget reports in the previous section.

This section includes the following analysis and information.

- 8 Summary of financial position
- 9 Analysis of operating budget
- 10 Analysis of budgeted cash position
- 11 Analysis of capital budget
- 12 Analysis of budgeted financial position

8. Summary of Financial Position

Council has prepared a Budget for the 2017/2018 financial year which seeks to balance the demand for services and infrastructure with the community's capacity to pay. Key budget information is provided below about the rate increase, operating result, services, cash and investments, capital works, financial position, financial sustainability and strategic objectives of the Council.

A= Actual F= Forecast B= Budget SRP= Strategic Resource Plan estimates

8.1 Rates and charges

It is proposed that the average rates increase of 2.0 per cent for the 2017/2018 year, raising total rates of \$74.44 million, including \$0.73 million generated from supplementary rates. This rate increase is in line with the rate cap set by the Minister for Local Government (the rate increase for the 2016/2017 year was 2.5 per cent). Refer Section 7.

8.2 Operating result

The expected operating result for the 2017/2018 year is a surplus of \$7.2 million, which is a decrease of \$12.49 million over 2016/2017. The forecast operating result for the 2016/2017 year is a surplus of \$19.7 million. The adjusted underlying result, which excludes items such as non-recurrent capital grants and non-cash contributions is a deficit of \$0.6 million which is an decrease of \$13.77 million over 2016/2017 - refer to section 9.1 for further information.

* This indicator is impacted by the early receipt of the Federal Financial Assistance Grant of \$5.91 million in June 2017.

8.3 Services

The net cost of services delivered to the community for the 2017/2018 year is expected to be \$56.03 million which is an increase of \$15.31 million over 2016/2017. A key influencing factor in the development of the 2017/2018 budget has been the community consultation for the 2017/2018 - 2020/2021 Council Plan. For the 2017/2018 year, service levels have been maintained and a number of initiatives proposed. (The forecast net cost of the 2016/2017 year is \$40.72 million).

8.4 Cash and investments

Cash and investments are expected to increase by \$1.45 million during the year to \$19.38 million as at 30 June 2018. The increase in cash and investments is in line with Council's Strategic Resource Plan. (Cash and investments are forecast to be \$17.93 million as at 30 June 2017).

Refer also Section 3 for the Statement of Cash Flows and Section 10 for an analysis of the cash position.

8.5 Capital works

The capital works program for the 2017/2018 year is expected to be \$39.38 million. Of the capital funding required, \$6.85 million will come from external grants, \$1.91 million from contributions, \$6 million from borrowings, with the balance of \$24.62 million from Council cash. The capital expenditure program has been set and prioritised based on a rigorous process of consultation that has enabled Council to assess needs and develop sound business cases for each project. (Capital works is forecast to be \$42.01 million for the 2016/2017 year).

Refer also Section 3.5 for the Statement of Capital Works and Section 11 for an analysis of the capital budget.

8.6 Financial position

The financial position is expected to improve with net assets (net worth) to increase by \$22.02 million to \$10.63 million. Additionally net current assets (working capital) will reduce by \$6.04 million to \$17.19 million as at 30 June 2018. This is mainly due to the use of cash reserves to fund the capital works program. (Total equity is forecast to be \$10.41 million as at 30 June 2017).

Refer also Section 3.2 for the Balance Sheet and Section 12 for an analysis of the budgeted financial position.

8.7 Financial sustainability

A high level Strategic Resource Plan for the years 2017/2018 to 2020/2021 has been developed to assist Council in adopting a budget within a longer term prudent financial framework. The key objective of the Plan is financial sustainability in the medium to long term, while still achieving the Council’s strategic objectives as specified in the Council Plan. The adjusted underlying result, which is a measure of financial sustainability, shows a decreasing deficit over the four year period.

* This indicator is impacted by the early receipt of the Federal Financial Assistance Grant of \$5.91 million in June 2017.

8.8 Strategic objectives

The Annual Budget includes a range of services and initiatives to be funded that will contribute to achieving the strategic objectives specified in the Council Plan. The above graph shows the level of funding allocated in the budget to achieve the strategic objectives as set out in the Council Plan for the 2017/2018 year.

The services that contribute to these objectives are set out in Section 2.

8.9 Council expenditure allocations

The above chart provides an indication of how Council allocates its expenditure across the main services that it delivers. It shows how much is allocated to each service area for every \$100 that Council spends.

9. Analysis of Operating Budget

This section analyses the operating budget including expected income and expenses of the Council for the 2017/2018 year.

9.1 Budgeted income statement

	Ref	Forecast Actual 2016/17 \$'000	Budget 2017/18 \$'000	Variance (Fav)/Unfav \$'000
Total income	9.2	134,946	127,916	7,030
Total expenses	9.3	(115,250)	(120,715)	5,464

Grants –non-recurrent capital	9.2.6	(2,964)	(3,893)	(929)
Contributions - non-monetary assets		(2,000)	(2,000)	0
Capital contributions - other sources	9.2.4	(1,563)	(1,911)	(348)
Adjusted underlying surplus (deficit)		13,169	(602)	13,771

9.1.1 Adjusted underlying deficit (\$13.77 million decrease)

The adjusted underlying result is the net surplus or deficit for the year adjusted for non-recurrent capital grants, non-monetary asset contributions, and capital contributions from other sources. It is a measure of financial sustainability and Council's ability to achieve its service delivery objectives as it is not impacted by capital income items which can often mask the operating result. The adjusted underlying result for the 2017/2018 year is a deficit of \$0.6 million which is a decrease of \$13.77 million from the 2016/2017 year. In calculating the adjusted underlying result, Council has excluded grants received for capital purposes which are non-recurrent and capital contributions from other sources. Contributions of non-monetary assets are also excluded as the value of assets assumed by Council is dependent on the level of development activity each year.

9.1.2 Adjusted underlying deficit - Greater Shepparton calculation (\$12.81 million decrease)

In assessing true operating performance, Greater Shepparton City Council utilises a more complete calculation of Adjusted Underlying Surplus. Where the Local Government (Planning and Reporting) Regulations 2014 excludes only non-recurrent capital grants, non-monetary contributions and capital contributions, Greater Shepparton also excludes recurrent capital grants and the new gain/loss on disposal of assets. The calculation fully removes all impacts of non-operating (capital) items from the income statement.

This has been impacted by the early receipt of the Federal Financial Assistance Grant of \$5.91 million in June 2017.

Total Income		134,946	127,916	7,030

Budgeted Income 2017/2018

9.2.1 Rates and charges (\$2.56 million increase)

It is proposed that income raised by all rates and charges be increased by 3.6 per cent or \$2.56 million over 2016/2017 to \$74.42 million. This includes an increase in general rates income and the Municipal Charge of 2 per cent (as per the 2.0 per cent rate cap); kerbside collection and recycling of 2 per cent; and forecasts supplementary rates to increase by \$0.09 million over 2016/2017 to \$0.73 million.

Section 7. Rates and Charges - includes a more detailed analysis of the rates and charges to be levied for 2017/2018 and the rates and charges specifically required by the Regulations.

9.2.2 Statutory fees and fines (\$0.21 million increase)

Statutory fees relate mainly to fees and fines levied in accordance with legislation and include animal registrations, *Public Health and Wellbeing Act 2008* registrations and parking fines. Increases in statutory fees are made in accordance with legislative requirements.

Statutory fees are forecast to increase by 5.9 per cent or \$0.21 million compared to 2016/2017. The main areas contributing to the increase are:

Program Area	Forecast			
	Actual	Budget	Variance	Variance
	2016/17	2017/18	(Fav)/Unfav	(Fav)/Unfav
	\$'000	\$'000	\$'000	%
Planning	597	754	(157)	(26%)
DHHS Under 65	50	90	(40)	(79%)
Animal Management/Local Laws	543	559	(16)	(3%)

The increase in Planning is related to increased income from planning permits and DPCD statutory fees due to revised statutory fee structure from 2016/2017; increase in DHHS Under 65 is related to under 65 respite and domestic assistance; and the increase in Animal Management/Local Laws is related to increases in animal registrations.

A detailed listing of statutory fees is included in Appendix A.

9.2.3 User fees (\$2.14 million increase)

User charges relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services. These include the use of leisure, entertainment and other community facilities and the provision of community services such as family day care and home help services. In setting the budget, the key principle for determining the level of user charges has been to ensure market comparability and benchmarking against like businesses.

User charges are projected to increase by 12.2 per cent or \$2.14 million over 2016/2017. The main areas contributing to the increase are:

Program Area	Forecast		Variance (Fav)/Unfav \$'000	Variance (Fav)/Unfav %
	Actual 2016/17 \$'000	Budget 2017/18 \$'000		
	Waste and Resource Recovery	4,183	5,900	(1,717)
Early Childhood Education	2,204	3,000	(795)	(36%)
Performing Arts and Conventions	1,161	1,282	(120)	(10%)

The increase in Waste and Resource Recovery relates to an increase in user charges volume at Cosgrove Landfill compared to 2016/2017 which had restrictions to available airspace; increase in Early Childhood Education is due to an increase in fee paying users of Arthur Dickman, Nancy Vibert and Frank Pullar childcare centres; and increase in Performing Arts and Conventions relates to increased use of Eastbank Performing Arts Centre.

A detailed listing of fees and charges is included in Appendix A.

9.2.4 Contributions - monetary (\$0.09 million increase)

Contributions relate to monies paid by various community sources towards capital and operating expenses. This includes contributions from developers in regard to public sport and recreation, drainage and car parking in accordance with planning permits issued for property development.

Contributions are projected to increase by 3.5 per cent or \$0.09 million compared to 2016/2017.

9.2.5 Other income (\$0.23 million decrease)

Other income relates to a range of items such as interest revenue on investments and rental income items.

Other income is forecast to decrease by 16.8 per cent or \$0.23 million compared to 2016/2017. This decrease is partly due to an expected decrease in leases and rental income in Strategic Assets; a decrease in section 173 agreements in Planning; and a decrease in investment interest income in Finance and Rates.

9.3 Expenses

Expense Types	Ref	Forecast	Budget	Variance
		Actual 2016/17 \$'000	2017/18 \$'000	(Fav)/Unfav \$'000

Total expenses		115,250	120,715	5,464

Budgeted Expenses 2017/2018

9.3.1 Employee costs (\$2.1 million increase)

Employee costs include all labour related expenditure such as wages and salaries and on-costs such as allowances, leave entitlements, employer superannuation, rostered days off, etc.

Employee costs are forecast to increase by 4.6 per cent or \$2.1 million compared to 2016/2017. This increase relates to three key factors:

- Council's Enterprise Bargaining Agreement (EBA) which is currently under negotiation
- Anticipated non EBA wages growth of 0.5 per cent or \$0.05 million due mainly to small increases in staff numbers
- The 2017/2018 budget was prepared on the assumption that Council has full complement of staff to the approved EFT level. 2016/2017 figures were taken as at March 2017 and do not include vacant positions.

A summary of human resources expenditure categorised according to the organisational structure of Council is included below:

Department	Budget 2017/18 \$'000	Comprises	
		Permanent Full Time \$'000	Permanent Part Time \$'000
Community	14,613	7,290	7,323

Casuals and other expenditure	3,806		
Capitalised labour costs	1,403		
Total expenditure	49,382		

* Includes vacancy factor of 2%

A summary of the number of full time equivalent (FTE) Council staff in relation to the above expenditure is included below:

Department	Budget FTE	Comprises	
		Permanent Full Time	Permanent Part Time
Community	177.4	80	97.4
Corporate Services	110.2	95	15.2
Infrastructure	162.3	159	3.3

Total	513.7	383.2	130.5
Casuals and other	45.9		
Capitalised labour costs	17.8		
Total staff	577.4		

The most significant increases in employee costs by service unit are summarised below:

Department	Service Unit	Forecast	Budget	Variance
		Actual 2016/17 \$'000	2017/18 \$'000	(Fav)/Unfav \$'000
Corporate Services	People and Development	1,065	1,338	273

Infrastructure	Arboriculture Services	237	337	100
Sustainable Development	Planning	1,400	1,757	357
Sustainable Development	Environment	421	543	122

9.3.2 Materials and services (\$3 million increase)

Materials and services include the purchases of consumables, corporate expenses, payments to contractors for the provision of services and utility costs. Materials and services are forecast to increase by 6.6 per cent or \$3 million compared to 2016/2017.

External contracts are forecast to increase by 18.6 per cent or \$3.18 million compared to 2016/2017. This mainly relates to non-recurrent items in the budget such as:

\$660,000 - Mooroopna West Growth Corridor - Mclsacc road and Echuca road interstecction

\$500,000 - Ford road and Goulburn Valley Highway traffic signalling

\$300,000 - Mooroopna West Growth Corridor - Midland Highway interstecction

\$285,000 - Lifestyle Villages bridge

\$250,000 - Doyles Road roundabout landscaping

\$150,000 - Sewven Creeks and Goulburn Valley Highway intersection

9.3.3 Depreciation and amortisation (\$0.07 million increase)

Depreciation is an accounting measure which attempts to allocate the value of an asset over its useful life for Council's property, plant and equipment including infrastructure assets such as roads and drains. Depreciation is projected to increase by 0.3 per cent or \$0.07 million compared to 2016/2017. Refer to Section 6. 'Analysis of Capital Budget' for a more detailed analysis of Council's capital works program for the 2017/2018 year.

9.3.4 Borrowing costs (\$0.26 million increase)

Borrowing costs relate to interest charges by financial institutions on funds borrowed. Borrowing costs are projected to increase by 27.4 per cent or \$0.26 million which results from the increase in borrowings from 2016/2017.

10. Analysis of Budgeted Cash Position

This section analyses the expected cash flows from the operating, investing and financing activities of Council for the 2017/2018 year. Budgeting cash flows for Council is a key factor in setting the level of rates and providing a guide to the level of capital expenditure that can be sustained with or without using existing cash reserves.

The analysis is based on three main categories of cash flows:

- **Operating activities** - Refers to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for the provision of services to the community may be available for investment in capital works, or repayment of debt
- **Investing activities** - Refers to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property and equipment
- **Financing activities** - Refers to cash generated or used in the financing of Council functions and include borrowings from financial institutions and advancing of repayable loans to other organisations. These activities also include repayment of the principal component of loan repayments for the year.

Cash and cash equivalents at end of the year	10.1.4	17,934	19,380	(1,446)

10.1.1 Operating activities (\$13.22 million decrease)

The decrease in cash inflows from operating activities is due mainly to an decrease in operating grants of \$11.85 million caused by receiving \$5.91 million of the 2017/2018 Federal Financial Assistance grant allocation from the Victorian Grants Commission in June 2017.

The net cash flows from operating activities does not equal the surplus (deficit) for the year in the Income Statement as the expected revenues and expenses of the Council include non-cash items which have been excluded from the Cash Flow Statement. The budgeted operating result is reconciled to budgeted cash flows available from operating activities as set out in the following table.

	Forecast

Cash flows available from operating activities	39,928	26,703	13,225

10.1.2 Investing activities (\$6.46 million decrease)

The decrease in cash outflows from investing activities represents decrease in capital works program.

10.1.3 Financing activities (\$3.55 million increase)

In increase in cash flows from financing activities is due to an increase in the proposed borrowings for 2017/2018 compared to 2016/2017 along with Council's decision in 2016/2017 to pay down existing debt (principal repayment) of \$2 million.

10.1.4 Cash and cash equivalents at end of the year (\$1.45 million increase)

Overall, total cash and investments is forecast to increase by \$1.45 million to \$19.38 million as at 30 June 2018, reflecting Council's strategy of using existing cash and investments to enhance existing and create new infrastructure. This is consistent with Council's Strategic Resource Plan.

10.2 Restricted and unrestricted cash and investments

Cash and cash equivalents held by Council are restricted in part, and not fully available for Council's operations. The budgeted cash flow statement indicates that Council is estimating at 30 June 2018 it will have cash and investments of \$32.61 million, which has been restricted as shown in the following table.

	Ref	Forecast	Budget	Variance
		Actual 2017 \$'000	2018 \$'000	(Fav)/Unfav \$'000

Unrestricted cash adjusted for discretionary reserves	10.2.5	14,391	12,209	6,814

10.2.1 Statutory reserves (\$1.99 million)

These funds must be applied for specified statutory purposes in accordance with various legislative requirements. While these funds earn interest revenues for Council, the funds are not available for other purposes.

10.2.2 Cash held to fund carry forward capital works

There is no amount shown as cash held to fund carry forward works at 30 June 2018, as it is expected that the capital works budget in the 2017/2018 financial year will be fully completed. An amount of \$3.08 million is forecast to be held at 30 June 2017 to fund capital works budgeted but not completed in the 2016/2017 financial year. Section 6.2 contains further details on capital works funding.

10.2.3 Unrestricted cash and investments (\$27.53 million)

The amount shown is in accordance with the definition of unrestricted cash included in the Regulations. These funds are free of statutory reserve funds and cash to be used to fund capital works expenditure from the previous financial year.

10.2.4 Discretionary reserves (\$15.32 million)

These funds are shown as discretionary reserves, although not restricted by a statutory purpose, Council has made decisions regarding the future use of these funds and unless there is a Council resolution these funds should be used for those earmarked purposes. During the 2017/2018 year \$2.32 million is budgeted to be transferred from Discretionary Reserves. The decisions about future use of the remaining funds has been reflected in Council's Strategic Resource Plan and any changes in future use of the funds will be made in the context of the future funding requirements set out in the plan.

10.2.5 Unrestricted cash adjusted for discretionary reserves (\$12.21 million)

These funds are free of all specific Council commitments and represent funds available to meet daily cash flow requirements, unexpected short term needs and any budget commitments which will be expended in the following year such as grants and contributions. Council regards these funds as the minimum necessary to ensure that it can meet its commitments as and when they fall due without borrowing further funds.

Budgeted capital works 2017/2018

Source: Section 3. A more detailed listing of capital works is included in Section 6.

Budgeted capital works 2017/2018

11.1.1 Carried forward works (\$3.08 million)

At the end of each financial year there are projects which are either incomplete or not commenced due to factors including planning issues, weather delays and extended consultation. For the 2016/2017 year it is forecast that \$3.08 million of capital works will be incomplete and be carried forward into the 2017/2018 year. This includes Verney Road Reconstruction (\$0.75 million), GSRSP Main Pavilion (\$0.54 million), Welsford Street Upgrade (\$0.53 million), Shepparton Alternate Route (\$0.11 million), Maude St Mall Activation (\$0.25 million), Fraser Street Mall Toilet (\$0.2 million), Aerodrome Renewal (\$0.19 million), Balaclava/Verney/Dookie Intersection (\$0.16 million), Senior Citizens Upgrade (\$0.13 million), Seven Creeks Estate (\$0.09 million), Kialla Park Building Works (\$0.04 million), Deakin Reserve Female Change Room (\$0.04 million).

11.1.2 Property (\$6.42 million)

The property class comprises buildings and building improvements including community facilities, municipal offices, sports facilities and pavilions.

For the 2017/2018 year, \$6.42 million will be expended on building and building improvement projects. The more significant projects include New Shepparton Art Museum (SAM) (\$3 million), Building Renewals (\$1 million), Stage 1 Maude Street (Plaza/Bus Interchange) (\$1 million), Public Toilet Replacement Program (\$0.5 million), Shell Service Station Remediation (\$0.5 million), and Large Site Solar Powered Generation (\$0.22 million).

11.1.3 Plant and equipment (\$2.67 million)

Plant and equipment includes plant, machinery and equipment, computers and telecommunications.

For the 2017/2018 year, \$2.67 million will be expended on plant, equipment and other projects. The more significant projects include Motor Vehicles and Plant (\$2.26 million), and Information Technology Replacement (\$0.2 million).

11.1.4 Infrastructure (\$26.21 million)

Infrastructure includes roads, bridges, footpaths and cycleways, drainage, recreation, leisure and community facilities, parks, open space and streetscapes, off street car parks and other structures.

For the 2017/2018 year, \$12.02 million will be expended on road projects. The more significant projects include Balaclava / Verney / New Dookie Road Intersection (\$2.33 million), Road Sealing Program (\$1.88 million), Gravel Resheeting (\$1.1 million), Roads for Renewal - MSTP Stabilisation (\$0.85 million), Roads for Renewal - MSTP Asphalt Works (\$0.7 million), and Welsford Street and Knight Street Upgrade - Stage 3 and Detailed Design for Stage 4 (\$0.48 million).

\$6.5 million will be expended on the construction of Cosgrove 3 Landfill waste management.

\$3.69 million will be expended on Recreational, Leisure and Community Facilities, including Victoria Park Lake Master Plan Implementation (\$0.37 million), Kialla Park Recreation Reserve Multi-Purpose Oval Lighting (\$0.34 million), St Georges Road Retail Precinct Streetscape and Amenity Improvements (\$0.32 million), BMX Track Lighting (\$0.31 million), and BMX 8 Start Hill and Track Upgrade (\$0.3 million).

Other infrastructure expenditure includes \$1.15 million on Kerb & Channel, \$0.88 million on Parks, open space and streetscapes, \$0.67 million on Drainage, \$0.66 million on Bridges, and \$0.53 million on Footpaths and cycleways.

11.1.5 Asset renewal (\$25.36 million), new (\$7.95 million), upgrade (\$5.57 million) and expansion (\$0.5 million)

A distinction is made between expenditure on new assets, asset renewal, upgrade and expansion of assets. Expenditure on asset renewal is expenditure on an existing asset, or on replacing an existing asset that returns the service of the asset to its original capability. Expenditure on new assets does not have any element of expansion or upgrade of existing assets but will result in an additional burden for future operation, maintenance and capital renewal.

The major expenditure on new assets include the construction of New Shepparton Art Museum (SAM) (\$3 million), Kialla Park Recreation Reserve Multi-Purpose Oval Lighting (\$0.34 million), St Georges Road Retail Precinct Streetscape and Amenity Improvements (\$0.32 million), and BMX Track Lighting (\$0.31 million).

Budgeted total funding sources 2017/2018

Source: Section 6

11.2.1 Grants - Capital (\$6.85 million)

Capital grants include all monies received from State and Federal sources for the purposes of funding the capital works program. Significant grants and contributions are budgeted to be received for Roads to Recovery projects (\$2.95 million), New Shepparton Art Museum (SAM) (\$2.0 million), and Balaclava/Verney/New Dookie Road (\$1.25 million). \$1.48 million of the Roads to Recovery grant income relates to 2018/2019 capital projects.

11.2.2 Council cash - operations (\$19.9 million)

Council generates cash from its operating activities, which is used as a funding source for the capital works program. It is forecast that \$19.9 million will be generated from operations to fund the 2017/2018 capital works program.

11.2.3 Council cash - proceeds from sale of assets (\$1.01 million)

Proceeds from sale of assets include motor vehicle sales in accordance with Council's fleet renewal policy of \$1.01 million.

11.2.4 Reserve cash - reserve cash and investments (\$3.7 million)

Council has cash reserves, which it is currently using to fund its annual capital works program. The reserves include monies set aside for specific purposes. For 2017/2018 \$3.08 million will be used to fund the re-budget items as found in Section 6 and \$500,000 for Cosgrove 2 & 3 Landfills."

12. Analysis of Budgeted Financial Position

This section analyses the movements in assets, liabilities and equity between 2016/2017 and 2017/2018. It also considers a number of key financial performance indicators.

12.1.1 Current Assets (\$6.96 million decrease) and Non-Current Assets (\$32.71 million increase)

Cash and cash equivalents include cash and investments such as cash held in the bank and in petty cash and the value of investments in deposits or other highly liquid investments with short term maturities of three months or less. Investments with a maturity greater than 3 months are classified as Other Financial Assets. These balances are projected to decrease by \$8.82 million during the year and are used to fund operations and the capital works program.

Trade and other receivables are monies owed to Council. Short term debtors are not expected to change significantly in the budget. Council does not have any long term debtors.

Other assets includes items such as prepayments for expenses that Council has paid in advance of service delivery, inventories or stocks held for sale or consumption in Council's services .

Property, infrastructure, plant and equipment is the largest component of Council's worth and represents the value of all the land, buildings, roads, vehicles, equipment, etc. which has been built up by Council over many years. The \$32.71 million increase in this balance is attributable to the net result of the capital works program new assets, depreciation of assets and the sale or disposal of assets.

12.1.2 Current Liabilities (\$0.92 million decrease) and Non Current Liabilities (\$4.65 million increase)

Trade and other payables are those to whom Council owes money as at 30 June. These liabilities are budgeted to remain within consistent levels.

Provisions include accrued long service leave, Cosgrove 2 Landfill rehabilitation, and annual leave and rostered days off owing to employees. The employee entitlements are expected to decrease marginally due to more active management of entitlements.

Interest-bearing loans and borrowings are borrowings of Council. The Council is budgeting to repay loan principal of \$1.02 million over the year. Council is also budgeting to borrow \$6 million in 2017/2018 for the construction of Cosgrove 3 Landfill.

12.1.3 Working Capital (\$6.04 million decrease)

Working capital is the excess of current assets above current liabilities. This calculation recognises that although Council has current assets, some of those assets are already committed to the future settlement of liabilities in the following 12 months, and are therefore not available for discretionary spending.

Some of Council's cash assets are restricted in that they are required by legislation to be held in reserve for specific purposes or are held to fund carry forward capital works from the previous financial year.

* This indicator is impacted by the early receipt of the Federal Financial Assistance Grant of \$5.91 million in June 2017.

	Forecast Actual 2016/17 \$'000	Budget 2017/18 \$'000	Variance (Fav)/Unfav \$'000
Current assets	47,247	40,291	6,956
Current liabilities	24,018	23,103	(915)
Working capital	23,228	17,188	6,040
Restricted cash and investment current assets			
- Statutory reserves	(1,782)	(1,991)	209
- Cash used to fund carry forward capital works	(3,079)	0	(3,079)
Unrestricted working capital	18,367	15,197	3,170

In addition to the restricted cash shown above, Council is also projected to hold \$15.32 million in discretionary reserves at 30 June 2018. Although not restricted by a statutory purpose, Council has made decisions regarding the future use of these funds and unless there is a Council resolution these funds should be used for those earmarked purposes.

12.1.4 Equity (\$22.02 million increase)

Total equity always equals net assets and is made up of the following components:

- Asset revaluation reserve which represents the difference between the previously recorded value of assets and their current valuations
- Accumulated surplus which is the value of all net assets less reserves that have accumulated over time. The increase in accumulated surplus of \$7.2 million results directly from the operating surplus for the year.

12.2 Key assumptions

In preparing the Budgeted Balance Sheet for the year ending 30 June 2018 it was necessary to make a number of assumptions about assets, liabilities and equity balances. The key assumptions are as follows:

- Trade creditors to be based on total capital and operating expenditure less written down value of assets sold, depreciation and employee costs. Payment cycle is 30 days
- Other debtors and creditors to remain consistent with 2016/2017 levels
- Employee entitlements to be increased by the Enterprise Bargaining Agreement outcome offset by the impact of more active management of leave entitlements of staff
- Repayment of loan principal to be \$1.02 million
- Total capital expenditure to be \$39.38 million

2017/2018 Fees and Charges Schedule

Fees and charges of a statutory and non-statutory nature which will be charged in respect to various goods and services provided during the 2017/2018 year.

2016/2017 fees and charges that will no longer be charged in 2017/2018 have not been included below.

Appendix B: Budget Processes

This section lists the budget processes to be undertaken in order to adopt the Budget in accordance with the *Local Government Act 1989* (the Act) and *Local Government (Planning and Reporting) Regulations 2014* (the Regulations).

Under the Act, Council is required to prepare and adopt an annual budget for each financial year. The budget is required to include certain information about the rates and charges that Council intends to levy as well as a range of other information required by the Regulations which support the Act.

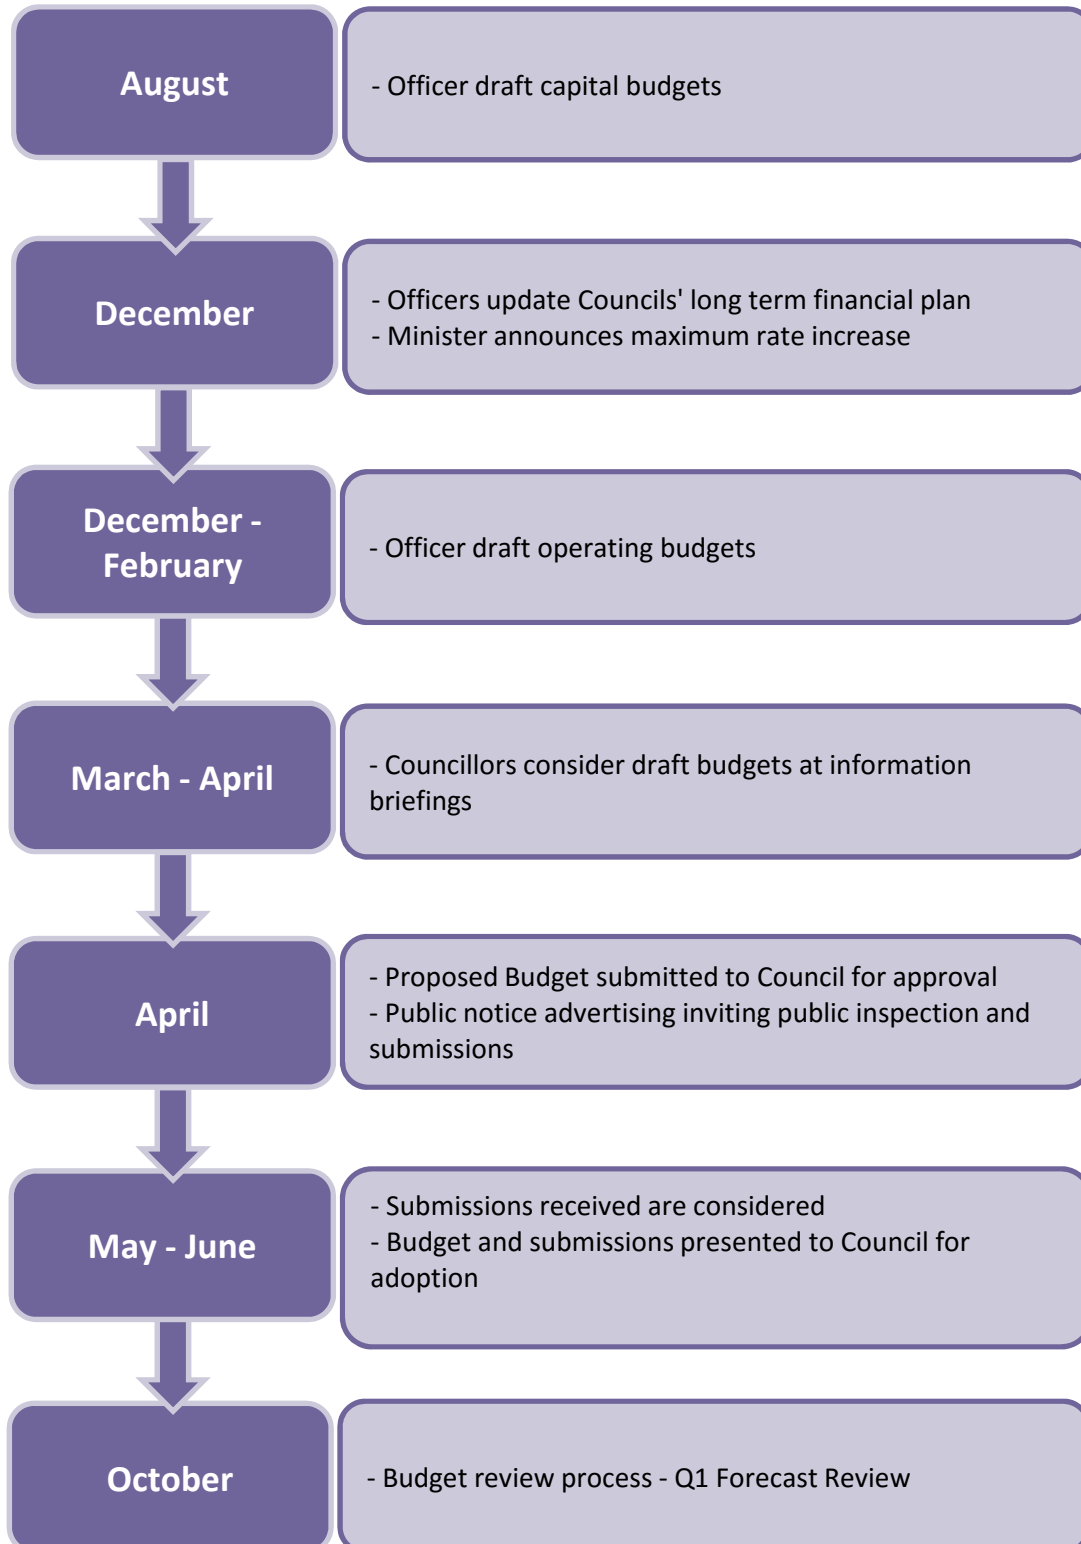

The 2017/2018 budget, which is included in this report, is for the year 1 July 2017 to 30 June 2018 and is prepared in accordance with the Act and Regulations. The budget includes financial statements being a Comprehensive Income Statement, Balance Sheet, Statement of Changes in Equity, Statement of Cash Flows and Statement of Capital Works. These statements have been prepared for the year ended 30 June 2018 in accordance with the Act and Regulations, and consistent with the annual financial statements which are prepared in accordance with Australian Accounting Standards. The budget also includes information about the rates and charges to be levied, the capital works program to be undertaken, the human resources required, and other financial information Council requires in order to make an informed decision about the adoption of the budget.

In advance of preparing the budget, Officers firstly review and update Council's long term financial projections. Financial projections for at least four years are ultimately included in Council's Strategic Resource Plan, which is the key medium-term financial plan produced by Council on a rolling basis. The preparation of the budget, within this broader context, begins with Officers preparing the capital components of the annual budget during August and the operating components during January & February. A draft consolidated budget is then prepared and various iterations are considered by Council at informal briefings during March and April. A 'proposed' budget is prepared in accordance with the Act and submitted to Council in May for approval 'in principle'. Council is then required to give 'public notice' that it intends to 'adopt' the budget. It must give 28 days notice of its intention to adopt the proposed budget and make the budget available for inspection at its offices and on its web site. A person has a right to make a submission on any proposal contained in the budget and any submission must be considered before adoption of the budget by Council.

To assist interested persons to understand the budget and make a submission if they wish, Council officers can answer questions submitted via the council website. The final step is for Council to adopt the budget after receiving and considering any submissions from interested parties. The budget is required to be adopted by 30 June and a copy submitted to the Minister within 28 days after adoption.

Budget Process

The key dates for the budget process are summarised below:

Other Amendments

- The 2017/2018 Budget provides comparisons with the 2016/2017 financial year. Due to timings the Q2 Forecast Review forecasts adopted 21 February 2017 was used for the Draft 2017/2018 Budget document that was submitted to the Council on 18 April 2017 and made available during the public submission. Post submissions closing 19 May 2017, all 2016/2017 financial year forecasts have been updated with Q3 Forecast Review forecasts in the final document submitted for adoption. Comparative notes, balance sheet and statements of cash flows have also been updated accordingly for 2017/2018 and forecast for subsequent periods.
- Page 25 & 66 - Operating Grants
Half of the 2017/2018 Victorian Grants Commission funding (\$5,911,630) will be received in June 2017 resulting in a reduction in operating grant income for the 2017/2018 financial year.
- Page 47 - The estimated total amount to be raised by each type of service rate or charge table has been amended. The total percentage change has decreased from 5.3% to 2.0%.
- Minor amendments have been made where such changes do not alter the substance of the 2017/2018 budget.
